FAIR in Brief

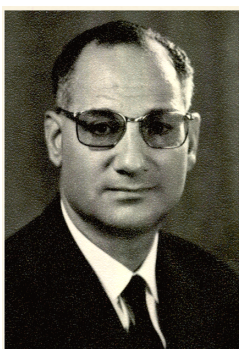

Historical Background

With the purpose of promoting Afro-Asian economic and cultural cooperation in addition to taking a stance against colonialism, 29 heads of states from both continents assembled on the 18th to 24th of April 1955, in Bandung, Indonesia.

President Sukarno of Indonesia, Premier Zhou Enlai of China, Premier Jawaharlal Nehru of India, and President Gamal Abdel Nasser of Egypt, just to name a few, were some of the key figures at the conference who spurred on the Bandung Declaration. The declaration inspired nationalist movements across both continents, remapped world politics and set up the cornerstone for Afro-Asian cooperation.

Under the title of economic cooperation, the Afro-Asian Economic Organization (AFRASEC) was established in Cairo, where it held its first and second general meetings in 1958 & 1960. The meetings resulted in enhancing efficacy and attaining better achievements when it came to specific sectors. The Insurance sector was given the utmost priority and was put on the top of the adopted economic cooperation action program.

Mr. Ahmed Choukri ElHakim, Chairman of the Egyptian General Insurance Organization & Chairman of the Insurance Federation of Egypt, put forth an initiative during the fourth meeting of (AFRASEC) held in Karachi, in 1963, calling for the founding meeting of the Federation of the Afro-Asian Insurers & Reinsurers "FAIR" with the invitation of the Egyptian Government.

FAIR Founders' meeting was held in Cairo, in September 1964 with the presence of the representatives of twenty Afro-Asian Countries.

The meeting resulted in the establishment of the Federation of Afro-Asian Insurers & Reinsurers "FAIR", the Approval of the Statute & Bylaws of FAIR, the adoption of the Statute and By-laws of the Federation as well as electing Mr. Ahmed Choukri ElHakim, Chairman of the Egyptian General Insurance Organization as President.

Mr. Ahmed Choukri ElHakim, stressed the need to map out the Federation's work program, making it "general and flexible", allowing for future benefit of experience, experiment and review, and ensuring that growth be progressive and balanced. Brief:

Hannover Re was the first of the major reinsurance groups to devote itself to the emerging Islamic insurance/takaful market. In 2006, we created a Sharia-compliant reinsurance subsidiary, Hannover ReTakaful B.S.C., in Bahrain to cater for this emerging market. The company is licensed by the Central Bank of Bahrain to provide comprehensive retakaful services.

Hannover ReTakaful B.S.C. is the only separately constituted and capitalised retakaful entity among the world's top-tier reinsurance groups that is fully dedicated to takaful worldwide. It has its own rating.

The company conducts all facets of its business strictly in line with Sharia principles as advised by its Sharia Supervisory Board. In addition, the company has appointed an independent Sharia auditor to ensure full Sharia compliance.

Our clients around the globe benefit from the combination of global underwriting expertise and a deep knowledge of takaful insurance. We have the commercial flexibility to identify and implement Sharia-compliant solutions enabling them to compete effectively in their target markets.

The primary takaful model that we use is "Wakala".

Brief:

The creation of an insurance company operating in accordance with the provisions of Islamic Sharia'a emerged as an initiative of its founders.

Tamkeen founders believed in the necessity of establishing a second Islamic insurance company to operate in Palestine since it has become the fastest growing and the most stable industry in all Arab and Islamic countries. By embracing the notion of Islamic insurance, Tamkeen responds to the needs of a large section of the Palestinian population which, for religious considerations, refrain from conventional insurance services. The Company's incorporation process started in the year 1438H - 2017 as a limited public shareholding company and registered as such at the Palestinian Ministry of National Economy under No. (562601476) with an authorized capital of USD 8 million, (an authorized capital has been raised in 2020 to be 12 million USD).
